**INTERVIEW SUMMARY**

Sir:

Pursuant to the requirements of 37 C.F.R. § 1.133 and MPEP § 713.04, Applicant submits this Interview Summary. This Interview Summary is a summary of the telephonic interview between Examiner Robinson and John C. Alemanni, Assignee's representative, on March 23, 2005. Assignee respectfully requests that this Interview Summary be entered into the record of the above-referenced application.

During the interview no exhibit was shown nor any demonstration conducted. The rejections of claim 1 under 35 U.S.C. §§ 101 and 112 were discussed. The Examiner agreed that including the term "computer-implemented" in the preamble of the claims would overcome the rejection under 35 U.S.C. § 101.

Examiner and Assignee's representative also discussed the term "instance." Assignee's representative pointed out the portions of the specification, e.g., pages 22-23, cited in the response to final Office Action. For instance, Assignee's representative pointed out the example of a Taurus instance of a Ford class as described on page 23 of

the specification. Assignee's representative agreed to file formal remarks restating the arguments presented during the interview with a Request for Continued Examination ("RCE").

The Examiner is invited to contact the undersigned by telephone to discuss any matter related to the Application and this Interview Summary.

Respectfully submitted,

A handwritten signature in black ink, appearing to read 'John C. Alemanni', is written over a horizontal line.
